

Intercoiffure Nouveau

Fostering new generations of hairdressers across the globe

Intercoiffure Nouveau's segment is an exciting highlight of any Intercoiffure event. It's young, fresh, new and generational. The annual Creative Cutting Contest showcases new talent and helps them to acquire experience in their profession on a national level.

Entrants must submit an innovative, dynamic, current haircut, displaying versatility and creativity. Hair color should be distinct and vivid as a component of the cut. Ten finalists will be invited to replicate their entries at the Spring Beauty Symposium. A Nouveau Creative Team will be selected from these finalists. The Team will do a tribute to an artistic legend and interpret the styles on stage at Atelier New York.

Qualifications

Entry is for licensed cosmetologists who are employees of an Intercoiffure "A" member. The entrant must have been licensed for five years or less in Canada or the US.

Intercoiffure Nouveau is directed by Perry Monge, president and owner of Perry Monge Salon and Spa, an Aveda Lifestyle Salon in Phoenix, and a member of the Board of Directors of Intercoiffure America/Canada.

"We believe that the sustainable future of Intercoiffure and the beauty industry is dependent on the shaping of young talent for future success. Through Nouveau, we hope to foster the next generation of artistic geniuses and change the future."

– Perry Monge
